

We develop  
powder coatings

# Applied Creative Solutions for Hotels

Since 1972

## Quality and Innovation in the Coatings Industry since 1972

Established in **1972**, **NEOKEM** started the development and production of high quality coatings.

In **1987**, we were the first Greek company to implement the production of powder coatings for aluminum architectural systems.

In **2006**, we produced super durable powder coatings with excellent resistance to adverse outdoor conditions.

**Today**, we are a leading international Powder Coating manufacturer with products that are globally recognised and distributed in over **25 countries** through our network of subsidiaries and sales partners.

## Super durable Powder Coatings Collections

**NEOKEM**, since **1987** is involved in the Research, Development and Production of High-End Powder Coatings, suitable for the very demanding **Hotel Sector**.

## We create Color **NEOKEM**

Our expertise, and our rich references is the proof of our experience, and dedication in offering innovative powder coatings for the protection and decoration of the Hotels. We have developed Powder Coatings Collections with Popular Architects, especially designed to decorate, protect, and add value to the Hotel. The very high intensity of solar U.V. radiation, in the Mediterranean region, in Africa, etc., inspired us to design **Prisma Collection** and **Ammos Collection** with color shades which are at least three times more resistant than standard powder coatings.

By using **NEOKEM super durable** powder coatings **Sahara & Mesogeios** of **Prisma Collection** and **RAL super durable** powder coatings of **Ammos Collection** for Hotel's Aluminum Facades, Doors, Windows, Blinds, Pergolas, Railings, Garage Doors, etc. we offer:

- Excellent durability in outdoor conditions
- High resistance to scratches and abrasion
- Texture stability leading to superior aesthetics
- A wide range of modern classic and popular color shades

## The Prisma Collection Special Effect

The **Prisma Collection** is the most reliable and innovative solution for aluminum systems in modern architectural applications. The **Prisma Collection** of special finishes offers a complete range of high quality products, with excellent behavior in outdoor conditions, especially designed to cover the contemporary architectural needs for innovation and aesthetic results of high standards.

The **Mesogeios** and **Sahara** series are based on a super durable architectural polyester system, approved according to **Qualicoat, class2**.

## The Ammos Collection RAL Super durable

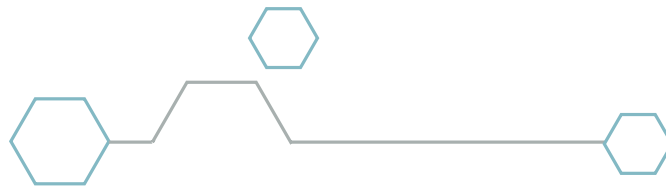

The **RAL** shades of **Ammos Collection** with fine texture finish, combine excellent behaviour in outdoor conditions with high mechanical properties and outstanding appearance.

The **Ammos Collection** is based on a super durable architectural polyester system, approved according to **Qualicoat, class2**.

## Main Applications:

- Doors/Windows
- Facades
- Blinds
- Pergolas
- Railings
- Fences
- Garage Doors
